The parts included in this kit are to be assembled in conjunction with the Tamiya kit no. 35062. For best results in the assembling of photo-etched and resin parts use cyanoacrylate glue. Always remember to use cyanoacrylate glue in a well ventilated area. Before assembling be sure to remove all the parts to be substituted with photo-etched and resin parts. It is advisable before assembling to study well the instructions which accompany this MICRODETAILS SET plus any other sufficient documentation.

○ Substitute the plastic part with the photo-etched or resin part ● Repeat the same operation for the other side [R] Resin part ✹ To be heated ◆ Facultative
