Panther G/Jagdpanther

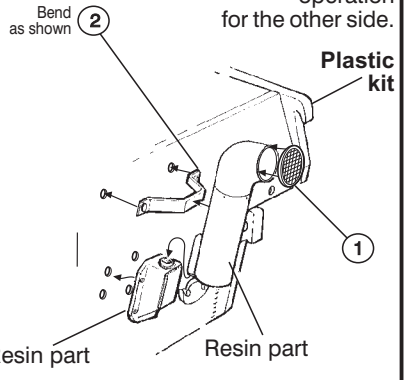

NO. 050

microdetails set

This set can be used to update both the Jagdpanther Tamiya-Italeri kit or Panther G Tamiya-Nichimo kit.
For best results in the assembling of photo-etched and resin parts use cyanoacrylate glue.
Always remember to use cyanoacrylate glue in a well ventilated area.
Before assembly be sure to remove all parts to be substituted with photo-etched and resin parts.

Repeat same operation for the other side.
