Turret basket TIGER I

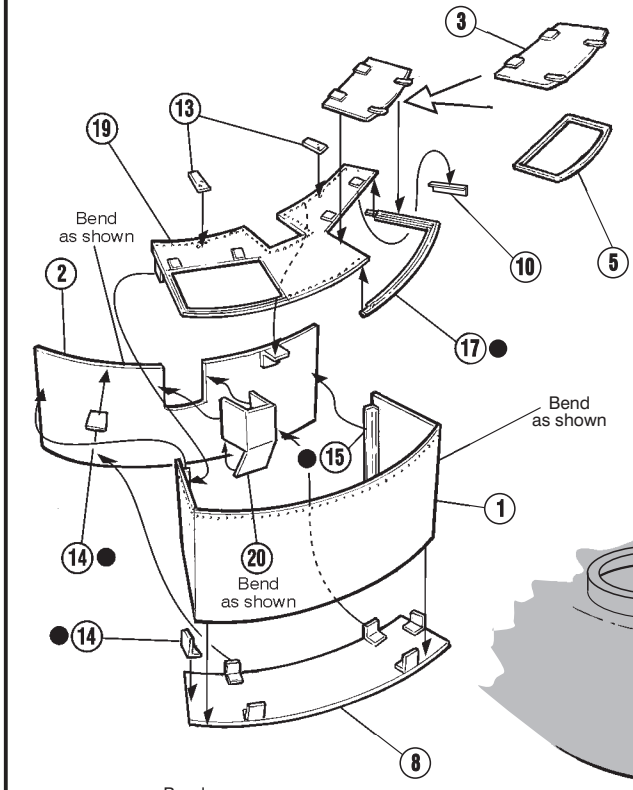

MICRODETAILS SET
No. 160
1/35 Scale

The parts included in this kit are to be assembled in conjunction with the Tamiya kit no. 35146-35177-35194-35216. For best results in the assembling of photo-etched and resin parts usecyanoacrylate glue.Always remember to use cyanoacrylate glue in a well ventilated area. Before assembly be sure to remove all parts to be substituted with photo-etched and resin parts.It is advised before assembly to study well the instructions which accompany this MICRODETAILS SET plus any other sufficient documentation.Note that some particulars illustrated in the instructions have been enlarged for easy identification.
If ulterior details are required for your models it is possible to use added sets ROYAL MODEL no. 158-159-176-063.

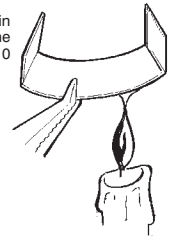

○ Substitute the plastic part with the photo-etched or resin part. ● Repeat same operation for the other parts.

1 Turret basket assembly.

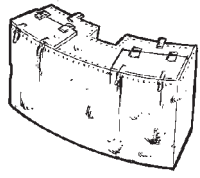

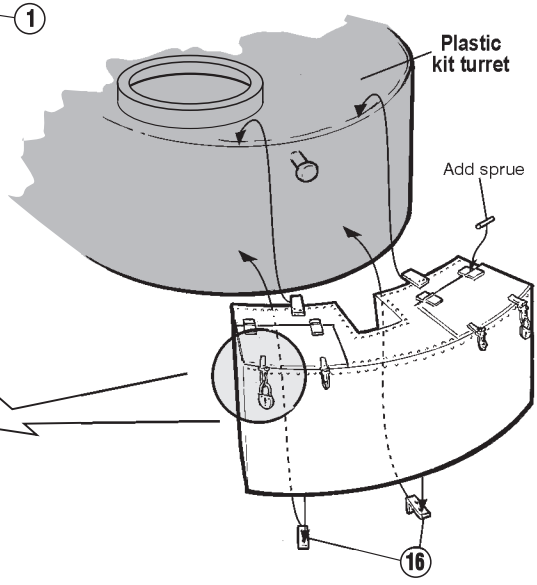

To give a more realistic appearance to the turret basket, it is advised to heat the metal parts before glueing them together. Once the metal is hot it will be easier to bend and

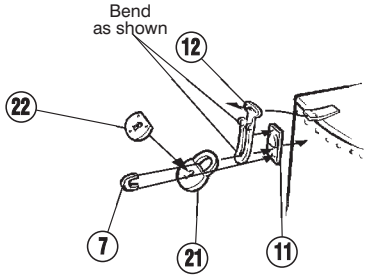

1 Bend the parts as indicated in the instructions. Holding the part with a pliers, heat for 10 seconds.

2 Glue all the pieces as shown and make dents in the basket as desired.
