Cal.30 MachineGuns

For best results in the assembling of photo-etched and resin parts use cyanoacrylate glue. Always remember to use cyanoacrylate glue in a well ventilated area. Before assembling be sure to remove all the parts to be substituted with photo-etched parts. It is advisable before assembling to study well the instructions which accompany this MICRODETAILS SET plus any other sufficient documentation.It is advise to heat the metal parts before glueing, once the metal is hot it will be easier to bend.

REPEAT SAME OPERATION FOR THE OTHER SIDE | TO BE HEATED | TO BEND | BE CAREFUL | R RESIN PART | ADD ROD

1 .30 Cal Machine Gun details assembly.
