NO. 139

Jagdpanther late version

1/35 scale

microdetails set

(RESIN PARTS IDENTIFICATION)

Remove the shaded area.

The parts included in this kit are to be assembled in conjunction with the new Tamiya kit.
For best results in the assembling of photo-etched and resin parts use cyanoacrylate glue.
Always remember to use cyanoacrylate glue in a well ventilated area.
Before assembly be sure to remove all parts to be substituted with photo-etched and resin parts.
It is advised before assembly to study well the instructions which accompany this MICRODETAILS SET plus any other sufficient documentation.
Note that some particulars illustrated in the instructions have been enlarged for easy identification.

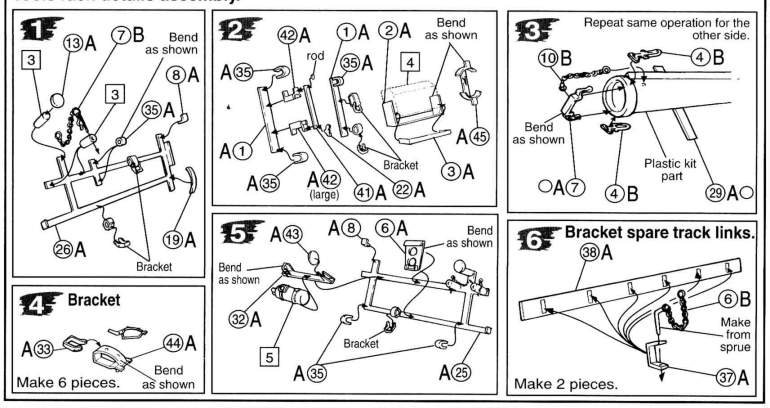

○ Remove or substitute the plastic part with the MICRODETAILS SET part.
