Sherman Suspension Details

The parts included in this kit are to be assembled in conjunction with all Sherman suspensions of the plastic kit. For best results in the assembling of photo-etched use cyanoacrylate glue. Always remember to use cyanoacrylate glue in a well ventilated area. Before assembling be sure to remove all the parts to be substituted with photo-etched parts. It is advisable before assembling to study well the instructions which accompany this kit plus any other sufficient documentation.It is advise to heat the metal parts before glueing, once the metal is hot it will be easier to bend.
