Panzer IV Ausf. H
Sd. Kfz. 161/1

NO. 138
1/35 scale
microdetails set

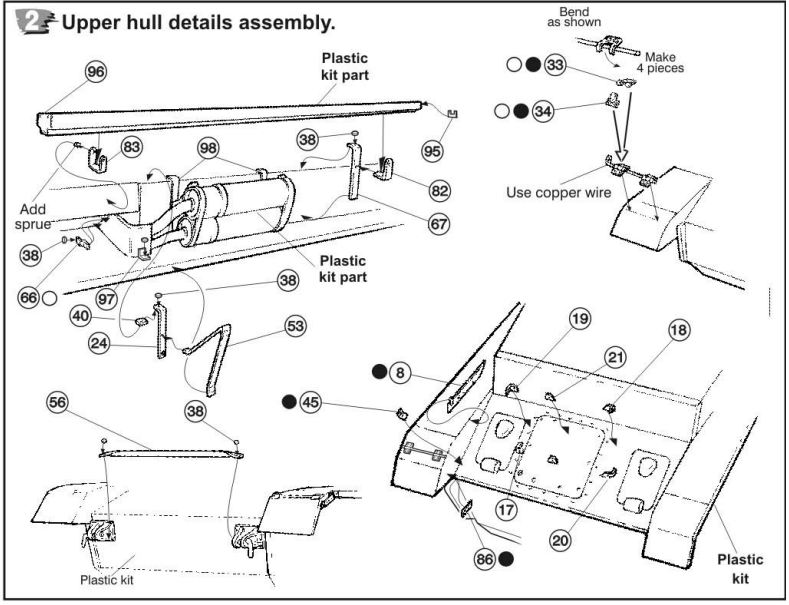

For best results in the assembling of photo-etched and resin parts use cyanoacrylate glue.Always remember to use cyanoacrylate glue in a well ventilated area.Before assembly be sure to remove all parts to be substituted with photo-etched and resin parts.
It is advised before assembly to study well the instructions which accompany this MICRODETAILS SET plus any other sufficient documentation.
Note that some particulars illustrated in the instructions have been enlarged for easy identification.
If distortion occurs in some resin parts due to humidity immerge in hot water and reform.

○ Remove the plastic part to be substitute with the photo-etched part. ● Repeat same operation for the other side.

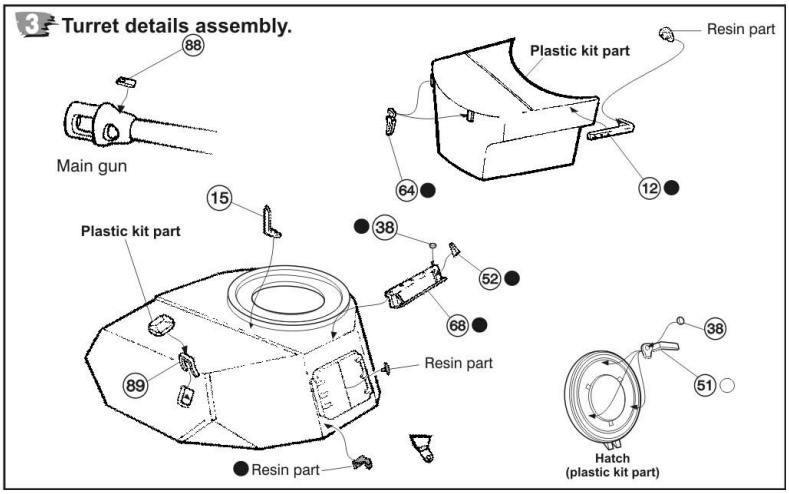

1 Upper hull details assembly.

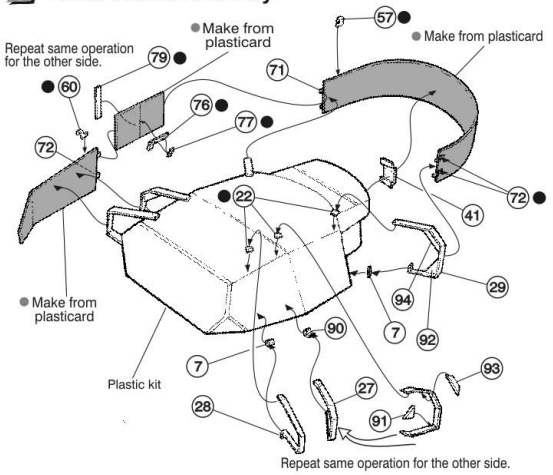

2 Upper hull details assembly.

3 Turret details assembly.

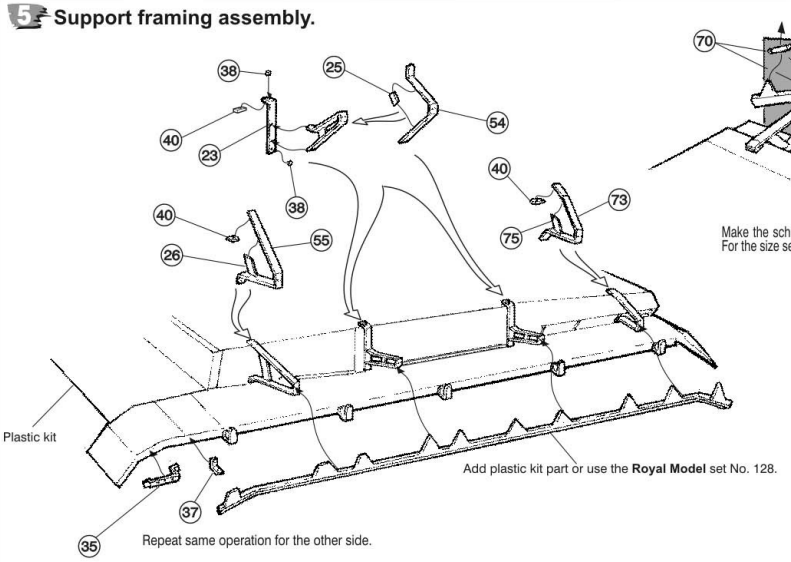

4 Turret details assembly.

● Although the schurzen of the turret are contained in the plastic kit, for better realism, we advise to make the from 0,35 mm plasticard, following carefullythe scheme showed in the drawing.
