MICRODETAILS SET

Sd. Kfz. 250/1 le Spw Alte

No. 237
1/35 Scale

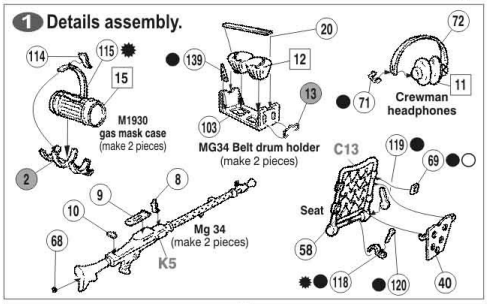

The parts included in this kit are to be assembled in conjunction with the **DRAGON** kit **No 6117**. For best results in the assembling of photo-etched and resin parts use cyanoacrylate glue. Always remember to use cyanoacrylate glue in a well ventilated area. Before assembly be sure to remove all parts to be substituted with photo-etched and resin parts. It is advised before assembly to study well the instructions which accompany this **MICRODETAILS SET** plus any other sufficient documentation. Note that some photo-etched details will be easier to work with if heated with flame before mounting.
